

Request for Council Action

Originator Public Works	Item Organized Collection Update
Agenda Section Organizational	Date 11/9/2015

Description

Staff will update the City Council on the implementation status of Organized Collection. Information to be presented includes the status of Utility Billing modifications and Communications Plan. In addition, a status update on the Consortium Agreement, the agreement between the seven haulers to form a single entity, and the Services Contract, the agreement between the City and Consortium to provide service, will be provided. It is anticipated that a final Services Contract will be brought to the City Council for consideration later in November.

Significant progress has been made by both the City and the Haulers during the past two months. While significant work remains, organized collection service is still expected to begin on April 4, 2016.

Requested Action

Receive update on organized collection.
